

SCHENK POISON STORY BY MYSTERIOUS POISON

WHEELING, W. Va., Jan. 12.—The most damning testimony that has yet been brought out against Mrs. John Schenk, on trial charged with administering poison to her husband, John G. Schenk, a millionaire pork packer, came today from Miss Alma J. Ryan, the "woman of mystery" in the case, who as testified never attended Mr. Schenk during his illness.

While the nurse testified Mrs. Schenk placed at her, showing the first signs of irritation she has betrayed John Schenk, Ryan swore that one of the little Schenk children was made ill by drinking little white powder prepared by Mrs. Schenk for her husband, and she drank some of it herself and became sick, while Mrs. Schenk took agonizing rides while her husband lay at the point of death; that the accused woman mailed fortune tellers to learn whether her husband would recover; that Mrs. Schenk tampered with the medicine containing belladonna for her husband and that she prepared her husband's death.

Water Made Nurse Ill, Too

Q—Did Mr. Schenk become ill after he drank the Halliday water? asked Prosecutor Hamilton. A—It did.

Q—Did you drink any of it? A—I did and became very sick.

Q—What else did Mrs. Schenk do? A—She told me that the medicine caused me to be shaken before and showed me a label on the bottle, although I was told it had not been placed there in the first place because medicine causes a person to be shaken before being taken. So she told me that Mrs. Schenk's medicine had been taken.

Q—What happened then? A—I was taken to a drug store and asked to take a certain medicine. I took it, but it did not seem to do any good. I was told to take more and more of it. I was told to take it through my hands. I took the bottle of water and told him of it. He said it was a very good medicine. He also took this with him.

Had Schenk's Medicine.

Q—What was then? A—After I had taken the medicine, I was told to take more and more of it. I was told to take it through my hands. I took the bottle of water and told him of it. He said it was a very good medicine. He also took this with him.

Q—What was then? A—After I had taken the medicine, I was told to take more and more of it. I was told to take it through my hands. I took the bottle of water and told him of it. He said it was a very good medicine. He also took this with him.

STANDARD OIL
APPEAL HEARD

WASHINGTON, Jan. 12.—Following a brief additional session at which Attorney General Wickham by special dispensation of the Court made in the Tobacco Trust case today, the Supreme Court this afternoon resumed its regular session, presided over by Chief Justice Taft. The government's suit to dissolve the Standard Oil Company, declared to be the most colossal of all trusts, was argued by the government's counsel against the American Tobacco Company and its three-related companies cited, properly accepted, yesterday. But Mr. Wickham took time in his closing argument to refer to the time in which to present some new phases

HARVARD ROLL SHOWS 29 LOSERS

owing to a great falling off in the number of the Freshmer school, the total registration at Harvard shows a decrease of 20 from the previous year. The total registration, which has just become available, is 6278. The loss in the Summer school was 504, so that if the figures for last batch of the university were deducted, the registration would show a gain of 25.

As for many years past, the law school is the largest enrollment of any one of the graduate departments, the total being 402, which is an increase of 19 over the previous year.

In Radcliffe, the enrollment figures for the year which are included in the total enrollment of the university, show an increase of 20 over last year, the total for the current academic year being 489.

By "Bud" Fisher

Fred Felkenburg says Ty Cobb's on-alleged weak spot in hitting is an error. It is said Ty can't judge a low curve. Funny doubts if Cobb has just that one defect and he knows from experience the Ty can hit a low curve just as effective as a high ball, even though he doesn't hit as hard.

[illegible]

... would hit close to 100 if he knew whether every ball would be over the inside of outside corner of the plate. The corners better move than circus or speed. Every would hit almost every ball pitched. Those that were not hits would go to the holders. The other free hitters of the American League—Cald, Collins, Sprague and Crawford—would bat around if not quite as well."

clubs have been awarded to Roanoke and the tournament will be held in Mechanics Hall in this city. The trials will be held Monday, April 10, and the final Tuesday, April 11. The boys will be held as usual under the auspices of the B. A. A. and the New York club have just out after a determined effort to bring the boys shifted to Gotham.

The new was a great success, and with the announcements that the trials and final championships of the B. A. A. would go to Pittsburgh and the world's

Woman's Safe Step to Better Looks

is not hard to find. If your eyes are dull—if your skin is sallow, or your complexion muddy; if you have no pep in your cheeks, do not bother with cosmetics. Don't risk harmful drugs. Get good, rich blood in your veins, and then you will have the bright looks and charm of perfect health.

BEECHAM'S PILLS

are wonderful aids to women and women's looks. If your blood is poor—if you are pale, weak and not up to the mark—your stomach and organs of digestion and elimination are the cause.

Beecham's Pills correct faults. They will help you to good digestion and active kidneys and regular bowels—no freedom from troubles—no pure life-making, beauty-creating blood. In all truth and seriousness, you will find that for good health and good looks, Beecham's Pills
